Figure 14.3.1 ECOG Score (Safety Analysis Set)

Figure Specifications

Plot: Kaplan-Meier time to event plot

x axis: Visit
x axis: Label: Visit
x axis: values: As appropriate

Y axis: Percentage
Y axis Label: Percentage of patients
Y axis values: 0 - 100

Footnote:
For each level of the ECOG score, the proportion of patients continuing on that or a better score were estimated for each visit using Kaplan-Meier estimates. At death the patient was assumed to have risen to the highest ECOG score.
